MAGICAL MOMENTS

This week at the hub we have been continuing with our visits to our partner schools. It is so lovely to read the reports that showcase how well each school is doing. Our Wave 7 schools are now starting to capture the development of the reading environment, and it has been fantastic to see pictures of amazing reading areas on their reports.

We welcomed our new cohort for Reading Ambition for All this week. It was wonderful to meet so many new schools as they embark on their journey of ensuring that every child gets out of the reading gateway with a real love for reading and a passion for books. We know that with the very best teaching every child can succeed.

Assessment week is WC 12th October; remember the Microsoft form is at the end of this bulletin. This is due for submission on Friday 16th October. We can't wait to see all the progress you have made this half term.

Have a fabulous week everyone,

Sally Mayman (Hub Delivery Lead)

Spotlight Assessment

To make sure that we are really using our data well it needs to be accurate and shared widely with those people who are going to be teaching the children. Read on to see our top tips.

Key points:

- The Reading Leader should be the person who assesses the children. In that way they own and know the data best.
- If numbers mean that the Reading Leader cannot assess all the children, train a fellow assessor to support. Then make sure the reading leader assesses all children who are borderline or behind the programme.
- Moderate the judgements of the assessment team by co-assessing a pupil. Do you both assess them in the same way. Are your judgements aligned?
- Once the assessments are complete, regroup the children using the assessment data and your judgement as a reading leader.
- Make sure that you hold your grouping meeting with all staff by Friday 16th October, so that you can start teaching the new groups and the gaps from Monday 19th October as there is no time to waste.
